GUARANTEE

M7 offers a 2 year guarantee on its pneumatic and electric tools. 3 years warranty on the Cordless powertools bodies. Start boosters, chargers and power tool batteries are guaranteed for 1 year. Consumables are not guaranteed. The guarantee covers hidden defects and manufacturing faults. An item is only covered by the guarantee if it has been used correctly and for the purpose for which it was designed. The guarantee does not cover normal wear and tear caused by intense use or use over time.

BRAND STORY

M7® is more than just an air tool manufacturer. M7® now provides a complete solution for all users. With a powerful international network of experts in power tools and pneumatics covering 68 countries, and several decades of experience in industry, the M7® brand created in 2006 draws its strength from its multidisciplinary approach. M7® works tirelessly on the development and improvement of its tools to continue to offer ergonomic and powerful tools while ensuring quality monitoring and excellent service.

Motor

BRUSHLESS

- No friction between the carbon brushes and the manifold (no more sparks at the engine outlet).
- Reduces the heat produced increasing the motor's lifespan.
- No friction to preserve the energy produced by the engine.
- Longer battery life.
- Less wear parts.

CORDLESS RECIPROCATING SAW

Bevel Gear Drive System.
Tool-less Blade Change.
Variable-Speed Trigger Switch.
Adjustable shoe length and inclination.
Selector Lever: straight cutting action / orbital cutting action.
This reciprocating saw has the option of orbit action to make the blade swing slightly as it cuts, for a maximum cutting efficiency.

Electric brake
quickly stops the blade rotation when the trigger is released.

CORDLESS PRESSURE WASHER

Water gun utilizes a three-piston pump with super silent anti-vibration technology to clean both quietly yet thoroughly.

Metal Pump with no possible leak of water and oil

Dual trigger system with double click power control to operate at low or high power

DPW101 120€ D

Without charger nor battery.

Accessories include:

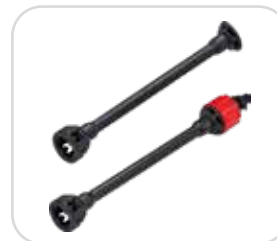

1 high precision 4-in-1 multi pattern nozzle (rotating turbo nozzle, 20°fixed nozzle, 60°fixed nozzle, 0°pencil jet)

1 foaming nozzle to apply detergent

1 quick-connect 4M water inlet hose for drawing fresh water from any source (a bucket, a pool, a can, a pond etc.)

2 lances of 28,5 cm each or 57 cm total length

	Ah - V	L / min	bar	mm	M	kg
DPW101	5 Ah - 18 V	2.8	25	876	4	1.72

CORDLESS HEAT GUN

60 seconds up to max. temperature.
 Stable temperature (overheat prevention).
 Quick release collar to safely and easily remove nozzle accessories.
 Lock-off feature prevents accidental start up ensuring safety to the user.
 Including 3 nozzles (reflector nozzle, flat nozzle and reduction nozzle) .
 Application: Shrinking, Bending tube, Removing Stickers and more...

Includes

START BOOSTER

Solid electrolyte lead-acid battery (AGM), watertight, in compliance with I.A.T.A safety standards.

Built-in short-circuit fuse in the red clamp protects the booster battery and the vehicle.

Extremely supple start cables of optimum length.

Digital rectangular back-lit voltmeter shows the charge level at a glance.

Completely insulated brass clip and super flexible multicore copper cables.

Protection against power surges.

ON/OFF button.

Can be stored and used in all positions.

- Crocodile clip length: 165mm.
- Clip opening: 30mm.
- Negative polarity indicator.
- 12V and 20V outlet.

1 YEAR WARRANTY!

• Voltmeter on a LCD backlit screen

12V
STC1800

1060€ D

START BOOSTER WITH A SUPER-CAPACITOR

Meets IATA safety standards.

Entirely insulated brass clips.

160 cm ultra-supple starter cables, made from multi-strand copper.

Negative polarity indicator.

Built-in short-circuit fuse in the red clamp protects the booster battery and the vehicle.

SUPERCAPACITOR ADVANTAGES :

The booster recharges automatically in a few seconds, as soon as the vehicle has been jump started.

Does not contain a battery. This eliminates not only the problem of recharging between 2 jump starts but also problems related to low temperatures.

Reliable and durable.

Light.

1 YEAR WARRANTY!

SUPERCAPACITOR BATTERY-LESS TECHNOLOGY

- > Back to back jump starts without stopping !
- > Ideal for breakdown recovery

ST450

MULTIFUNCTION MINI BOOSTER

Crocodile clips for vehicle starting (car, motorbike, small boat, etc.)
 The ST450 can start a vehicle up to 30 times. It depends on the vehicle's engine.
 Intelligent battery clamp : low voltage protection, reverse polarity protection, short circuit protection, reverse charging protection, automatic power shut off.
 Powerbank function: charges all of your portable devices (smartphone, laptop PC, tablet, camera, portable games console, etc.).
 3-mode LED torch : continuous, flashing and SOS.
 LCD display indicates the charge level.
 2 USB ports (5V) for charging 2 devices simultaneously.
 Protective storage case.
 Build-in Type-C fast charge.
 A full charge will take between 3-5 hours.
 Can be charged from the mains or the cigarette lighter.

QE HSS2510

11,30€ B

288 g

DRILL BIT SET - 10 PCS.
Manufactured from high hardness HSS
for easier and faster drilling.
• Drill bits: 1.5 to 5.5 mm (+ 0.5 mm)

QE HSS3 98€ B

FLUTE HSS STEP DRILL SET - 3 PCS.
Drill sizes: 4-12 mm, 4-20 mm and 4-30 mm.
The 3 flutes guarantee a clean and vibration-free cut. Ideal for soft materials such as plastics or light alloys. Cutting forces distributed over 3 edges, allowing a greater advance. The chamfer facilitates removal in the case of through holes.

PNEUMATIC TOOLS

TORQUE TESTS

Our torque tests are carried out in accordance with the ISO standard, using a 3-metre hose and air pressure set at 6.3 bars.

Torque capacity [Tightening test]

Torque range – The range (2 values) reached by the tool after 8 seconds, defined by the lowest speed (1st value) and the highest speed (2nd value) when tightening a fastener.

Max torque [loosening test]

Max torque – The maximum torque reached by the tool, after 5 seconds, when loosening a free fastener.

CLASSIFICATION

Efficiency / performance

Simple use for completing tasks quickly. These tools combine efficiency and performance.

Strength

These tools produce high torque levels, superior grinding power and strong cutting energy.

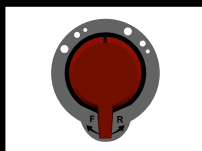

Endurance

Tools built to last with a low failure rate.

TORQUE LOSS PROBLEMS

1

Check that the selector is in the correct position

2

Check that the air pressure reaches 90 PSI (6.3 bars)

3

Put 5 drops of pneumatic oil into the air inlet then press the trigger

4

Send the tool to the service centre
