Brand vision

Since 1984, KING TONY® has been committed to providing professional tools. We have always focused on a quality offer, ensuring that this quality meets the work requirements of our customers. Completing a mission in a professional manner is the goal of every mechanic, but completing it easily and perfectly offers the feeling of an even greater personal accomplishment. Thus, every mechanic can really enjoy his work. As a result, we aim to let every mechanic know that when he uses KING TONY® professional tools, he can quickly, easily and perfectly finish his work. He can feel confident and appreciate what he is doing. To achieve this goal, we will continue to provide easy-to-use, manageable, time-saving tools. Our vision for the future is to tell every mechanic who uses KING TONY® tools: «Enjoy your work». It's the very meaning of using good tools to do a good job and feel a real pleasure when working. Why not fully find your pleasure in your doing your job? Use the professional KING TONY® tools and start living the experience.

• Quality • Innovation • Health • Enjoyment

Patented design

Our patented color identification system is a clever innovation in the history of tooling. To facilitate tool recognition, KING TONY® has created two colors: BLUE for metric units, RED for imperials.

Precise dimensions

Aware of the importance of having a precise dimension for a professional, KING TONY® uses all its know-how to minimize the tolerance of each tool.

Innovations

Every year sees the release of many improved tools. KING TONY® selects the most useful ideas and ingenious functions to develop new products in the respect of an exceptional quality and a controlled cost. Every innovation is designed, above all, for the comfort of users.

1062 SERIES I-BEAM technology

The required quality

Only the best tools come out of our factories. Indeed, KING TONY® imposes its own standard: at least 30% above the DIN standard for hand tools, and 50% minimum for impact tools.

Test of the breaking torque of KING TONY® 's 13, 17 and 19 mm combination wrenches, compared to DIN 3113. Produced by CETIM (independent certification organization).

Sponsor & Partnership

Racing pilots, passionate about mechanics, have chosen the KING TONY® brand to help them on a daily basis and make their repairs a real pleasure

**Charlie Herbst
HC RACING 86**

Kevin Rohrscheidt - KEEPPONRACING

KING TONY® is developing its international brand image. To strengthen our position in the market, we are increasing the visibility of the brand through motorsport.

Branding to Target Users

**TATI Team
Beringer Racing**

The KING TONY® brand has specialized in professional tools and has become «the expert in tools with the best service». In

addition to that, our marketing strategy is very effective. It is based on always keeping in mind the concept of «customer priority» .

COMPACT MAGNETIZER / DEMAGNETIZER

3-in-1: magnetizer, demagnetizer and
storage stand.
Magnetization makes it easy to store on
metal surfaces.
Suitable for various tool combinations, such
as screwdrivers, hex wrenches, Power Bits,
and more.

Fast demagnetization of
the tool by sliding it over the
demagnetizer.

Instantaneous
magnetization upon
inserting the tool.

The front-end is designed
with a screw fixation groove
to prevent screws from
falling.

Backup screws can be
magnetized to prevent
losses.

Stop damaging your screwdrivers...

LV VOLTAGE DETECTOR

In the context of consignment, TAG780V enables checking the absence of voltage. This device provides additional features as phase search, continuity test, voltage level... Audible alarm indicating the presence of voltage with a different tone according to voltage level (discontinuous tone up to 230V and continuous tone above 400V). Polarity display (-/+). Integrated self-test. Phase search in single-pole mode (use of one or the other key points). Front light. Unique bright LED display can be read in sunlight. Ultra flexible cord (no memory effect). A revolutionary IP2X system (retractable tipsleeve): "pull and hold" grip at back of device.
